OBJECTIVE

I possess a growth-oriented mindset and the skills to leverage its full potential. "I am actively seeking an entry-level position in the field of Development to enhance my skills and contribute effectively to the organization."

TECHNICAL SUMMARY

Core Java

{ Proficiency Level: **Intermediate** }

- **Object-Oriented Programming (OOPs):**

- Good in using OOPs concepts like encapsulation, inheritance, Abstraction and polymorphism for creating modular and maintainable code.
- Skilled in designing robust class hierarchies to enhance code reusability.

- **Exception Handling:**

- Effectively handles unexpected errors using try-catch blocks and custom exception classes.
- Ensures smooth degradation in the face of runtime errors.

Web Technologies

{ Proficiency Level: **Intermediate** }

- **UI/UX BUILDING**

- Proficient in building modern, responsive user interfaces/web pages using HTML and CSS, Bootstrap.
- Ensures cross-platform compatibility

- **JavaScript**

- Proficiently used to add functionality in web pages, including DOM manipulation and JS functional-based Programming, callback functions, etc.

- **ReactJS**

- Through understanding of reactJS and its core principles. good, understanding of JSX, components, SPA, props, and hooks.

Databases

{ Proficiency Level: **Intermediate** }

- **ORACLE SQL**

- Proficiency in using SQL Statements, SRF & MRF, Subquery, Joins, Normalization.

- **MongoDB**

Office Tools

{ Proficiency Level: **Intermediate** }

- **OS-** Windows and Linux

- Microsoft Office

EDUCATION

Government Engineering College Bilaspur, Chhattisgarh

B.Tech - Information Technology - Percentage - 76.6

2018 Aug – 2022 Aug

Bilaspur, Chhattisgarh

Saraswati shishu Mandir Sakti, CG State Board

12th – Higher Secondary - Percentage – 80

2017 - 2018

Sakti, Chhattisgarh

PROJECTS

Portfolio Page | [HTML](#), [CSS](#)

2023

- Created a responsive webpage where i do put my educational qualifications and skills to make my data available on the internet.
- built using HTML and CSS.

MCQ Quiz app | [HTML](#), [CSS](#), [JavaScript](#), [DOM manipulation](#), [JSON](#)

2022-23

- Its multipage dynamic Web application.

Employee Payroll Management Program | [JAVA](#)

2023

- , Payroll will be generated based on the Employee type. for Permanent and Temporary Employees differently
- Build using Java core concepts. Demonstrated Encapsulation, Inheritance, and Abstraction via this Project

Random Password Generator | [HTML](#), [CSS](#), [JavaScript](#), [DOM manipulation](#)

2023

- In this app user will have option to set the length of password.
- then JavaScript Program will generate a random password, which can be copied by user using the copy button.

Employee Registration Program | [ReactJS](#), [MongoDB](#) [[CRUD Operation](#)]

2023

- created UI structure using ReactJS, used FBC, React Routing, babel, Hooks([useState](#), [useEffect](#), [useParams](#)), API communication, Mongo queries etc. concepts.
- Archived understanding to whole CRUD workflow.

TRAINING AND CERTIFICATIONS

- Currently doing full-stack java development training from “JSpider BTM” Branch Bangalore. Where I have upskilled myself on SQL, Frontend (HTML, CSS, JavaScript) , JAVA – OOPS concepts, and improved my programming, communication, and presentation skills. Also applied these gathered skills to build some practice projects.

— Other certifications —

- | | |
|--|------|
| • Introduction To HTML5 (University Of Michigan) – Coursera | 2020 |
| • Cyber Security Cyber Forensics- IIT Kanpur – E&ICT Academy | 2021 |
| • Training on Networking – CTTC Bhubaneswar | 2019 |
| • MongoDB- Almajetter | 2023 |
| • JavaScript Functional and OOPS Programming – Almajetter | 2023 |

AREA OF INTEREST AND HOBBIES

Podcast Listening: It is my daily life hobby.

Building Connection With Strangers: Whenever I get a chance I always try to build connections with strangers, it helps me to explore different aspects.

Geopolitics and Cyber Security: these are my other core areas of interest after the software development area.

Farming: It was my past hobby and having a strong interest in green farming.
